

The General Fund of the Belize Education Project

is dedicated to covering many of the following items for Eden High School:

- Support for department-sponsored fairs such as the Business Fair and the Science Fair. These are annual school wide events attended by all staff and students as well as parents and community members. Students work with their teachers to develop the fair and are responsible for many of the activities and demonstrations that are included.
- Support for academic department supplies that support student learning in the classroom. The General Fund has been used to purchase equipment such as microscopes; Chemistry class chemicals and laboratory glassware; general math supplies (e.g., protractors, rulers, scientific calculators); home economics cookware, measuring instruments and utensils; PE supplies such as basketballs, volleyballs and soccer balls; musical instruments for the music department.
- General classroom and office supplies such as whiteboards and markers, construction paper, graph paper, printer paper, printers and printer ink; extra pens, pencils, colored pencils and markers.
